

Grey Eagle Overrider Bars

Reproduction Overrider Bars for your 356 Porsche

- High and Low bars available
- Fronts and Rears (inc. '56 one piece)
- Correct 28mm German tubing
- Custom fitted to your bumper and uprights
- Upright Repairs
- Chroming services available
- Fitted to original, reproduction steel or fiberglass bumpers.

Low Bars were used starting in mid 1956 around Speedster #82624 and Coupe #57751 and ended near coupe #105955

High Bars were started in January 1959 around coupe #106171

356A front bumper overrider bars now available. We are tooling up for both styles of rears, two piece and 1956 one piece.
